heights over 8' \*\* #2 brass  
grommets every 24"

**COLORS:** Dark Green or Black

### Warranty 4 Years

If you're looking for privacy, then Privacy Plus is the answer. 98% opacity constructed with knitted polyethylene offers excellent privacy with phenomenal weathering characteristics.

Privacy Plus is a great alternative to closed mesh polypropylene, since, unlike woven polypropylene fabrics, it will not continue to unravel if it's torn.
